Versace expands its presence in Macau with the opening of a new boutique in The Londoner.

The space follows the global Versace boutique concept inspired by the most luxurious and private palazzo residences found in Versace's home city of Milan, Italy. An Italianate feeling is evident throughout the 330 square meter space, created through a use of considered materials and craft features.

Pentelic marble and natural terrazzo stone typical of luxurious Milanese residences feature to flooring, walls, display areas, and façades. Custom handcrafted carpet and mixed silk and virgin wool bouclé fabrics further the intimate atmosphere of a private residence, while metal fittings finished in Versace's signature gold color add opulence. Seating and side tables are taken from the Versace Home collection—an extension of the Versace visual aesthetic into a way of living.

The boutique is now open with a full selection of ready-to-wear, shoes, bags, jewelry, eyewear, fragrances and watches for women and men.
