

Press Release

Michelin Keys 2026 Recognises Three of Sands China's Esteemed Properties as Among the Best Globally

The milestone underscores the leading integrated resort operator's ongoing contribution to shaping Macao's tourism landscape

(Macao, Sept. 24, 2026) – Sands China Ltd. has once again demonstrated its world-class hospitality expertise with three of its celebrated properties securing prestigious Michelin Keys in the 2026 selection. For the second consecutive year, **The Londoner® Hotel**, **Four Seasons Hotel Macao**, and **The St. Regis Macao** have all been awarded One Key. The global list's keys are considered as illustrious for hotels as stars are for restaurants.

John Burger, Senior Vice President of Resort Operations, Sands China Ltd. said, "It is a tremendous honour to have these signature properties acknowledged by Michelin Keys. These coveted accolades reflect our distinct strengths and further reaffirm the exceptional service our dedicated team consistently delivers to guests. This industry recognition also reinforces our commitment to pursuing perfection."

A Trio of Exceptional Hotels

An all-suite property, The Londoner Hotel is situated within The Londoner® Macao and features contemporary interpretations of classic British design with interiors by the Steve Leung Design Group. With a Forbes Five-Star rating each of its 600 suites have been expertly crafted to take guests on a one-of-a-kind experiential journey. It is also home to the 14 bespoke Suites by David Beckham, the first celebrity-designed suites in Macao, created in collaboration with the David Collins Studio.

Four Seasons Hotel Macao offers luxurious accommodation across its 360 guest rooms and is known for its Michelin-starred dining, five outdoor pools, pampering spa and impeccable service. The St. Regis Macao features 400 exquisitely styled guestrooms and suites, complemented by Forbes Five-Star distinction, the bespoke St. Regis Butler Service, the award-winning St. Regis Bar, and a decadent spa.

Michelin Key inspectors use five judging criteria: excellence in architecture and interior design, quality and consistency of service, overall personality and character, value for the price, and a significant contribution to the neighbourhood, with winners considered the best of the best across all five categories. Other influences include hotels that offer “first-rate” dining as determined by Michelin Guide inspectors, and commitments to sustainability and social responsibility. A one-key hotel is considered “a very special stay”, with “service that always goes the extra mile”.
